

K-LOVE is transmitted on FM and if eliminated by LPFM would take the only station I listen to away.

In the community there is only one Christian all music station. The rest are mostly teaching or talk show oriented. It would be sad to see the wholesome music K-Love provides go away do to this change.

K-LOVE provides the public with a great service in the area for Concert connection and news worthy items. They also support a couple of our local bands I.E. Kutless.

Thank-you for considering these comments.
